### About Revolymer

Revolymer is a technology company that designs, develops and formulates novel polymers to improve the performance of existing consumer products within the FMCG markets. Revolymer's strategy is to generate significant and growing revenue streams by licensing its unique and proprietary technologies to manufacturers and marketers within the global high value FMCG industry. Current applications for the Group's technologies are in the coatings & adhesives, household products and personal care markets (together "Consumer Specialties") and the confectionery chewing gum and medicated chewing gum (together "Gum") markets.
